

Introduction to AgExpert Analyst

This **12-hour, hands-on** course, is designed to enable participants to set up and use a complete set of farm books with the AgExpert Analyst software.

Participants will:

- Develop a set of farm books
- Enter financial and inventory transactions
- Print reports for management purposes (cash / accrual)
- Print reports for regulatory reporting (government program participation)

Pre-requisite:

Basic computer and bookkeeping skills are essential.

Course includes:

- 12 hours HANDS-ON training
- Free copy of training curricula
- Free copy of Canadian Farm Business Management Council's publication, Farm Financial Records: A Guide to Managing for Success, a \$25.00 value

Cost: \$195* including GST

*Sponsored in part by:
Canadian Farm Business Management Council

Advanced AgExpert Analyst

This **6-hour, hands-on** course is designed to enable participants to take advantage of advanced features in AgExpert Analyst software.

Participants will:

- Generate and analyze various reports and tools to support the farm management process
- Learn to ensure the integrity of data reported from the database to government programs
- Identify program features to use in their own operation
- Establish a plan for further skills enhancement

Pre-requisite:

A good understanding of AgExpert software or previous participation in the "Introduction to AgExpert Analyst" course.

Course includes:

- 6 hours HANDS-ON training
- Free copy of training curricula
- Free copy of Canadian Farm Business Management Council's publication, Farm Financial Records: A Guide to Managing for Success, a \$25.00 value

Cost: \$95* including GST

*Sponsored in part by:
Canadian Farm Business Management Council
