

Case New Holland Tech Program

Do what you love... Love what you do... Do what you love... Love what you do... Do what you love... Love what you do... Do what you love...

EARN WHILE YOU LEARN

CNH Tech Program technicians now have the opportunity to become certified. The traditional apprenticeship training for the CNH Tech Program technicians is supplemented by specialty training on CNH Tech Program equipment. Olds College and Case New Holland Limited have teamed up to offer this unique program.

Program Description

Apprenticeship is a combination of on-the-job and technical training in an earning-while-learning arrangement that leads to certification as a journeyman certificate in a recognized trade. The apprenticeship programs at Olds College are under the administration of Alberta Apprenticeship and Industry Training.

Apprentices work under a qualified tradesman becoming familiar with the principles, skills, tools and materials of a trade. Depending on the trade, the term of apprenticeship varies from two to four years. Olds College provides technical training for four year trades.

During this time, apprentices are indentured (under contract) to an employer(s) who agree to provide opportunities for apprentices to work and gain experience in the trade, and to attend in-school technical training.

Apprentices are usually paid an hourly wage, which increases according to their time and experience in the

trade. Rate of pay is based on a specific percentage of the prevailing journeyman's wage in their shop.

Registered apprentices receive notification listing the dates for technical training sessions at Olds College, which provides training for their specific trade from Alberta Apprenticeship and Industry Training. Olds College typically has two intakes of apprentices in any academic year: fall and winter. Apprentices are encouraged to register by calling Olds College as soon as they receive their notification in early May to ensure a seat, as spaces are allocated on first come, first serve basis.

Applicants must be indentured as Agricultural Equipment Technician or Heavy Equipment Technician Apprentice or already have Journeyman status(es) and be employed by a

sponsoring CNH Tech Program dealer before entering the CNH Tech Program.

The CNH Tech Program is designed to enhance the training obtained in the Agricultural Equipment Technician or Heavy Equipment Technician apprentice program with topics that relate specifically to CNH Tech Program equipment.

Candidates are required to be employed at a sponsoring CNH Tech Program dealership. Graduates of the CNH Tech Program are awarded recognition through Olds College and CNH Tech Program upon completion.

The program at Olds College is structured as follows:

First Period

Agricultural Equipment Technician or Heavy Equipment Technician, training of eight weeks at Olds College. Two weeks of specific training including:

- Electronic Service tools
- Round Balers
- Color Electronic Monitors
- Information Retrieval
- Detailed Report Writing
- Electronic Monitors
- Personal Finance
- Customer Relations

Each work experience period is a minimum 1,500 hours and one year working in the trade.

Subsequent periods to follow.

Career Opportunities

Apprentice or Journeyman Technicians working at a CNH Tech Program dealerships have the opportunity to further their career goals by participating in this unique program.

The CNH Tech Program gives you the extra skills and education to help you move upward within the dealership. Also this program is an economical path for technicians to hone their diagnostics skills, making them more effective on the job.

Admission Requirements

Applicants must have:

Applicants must be indentured as Agricultural Equipment or Heavy Equipment Technician apprentices and be employed by a sponsoring Case IH or New Holland Dealer before entering the CNH Tech Program. Then, after consultation with their employer, prospective students may apply for admission to the Case IH or New Holland Tech program. This program can also be a stand-alone program for journeymen already employed at Case IH or New Holland dealerships.

Application Procedure

Dealer consent and applicant registration forms must be completed, signed and faxed into the Olds College CNH Tech Program Tech representative at 403-556-4711.
